Fleets WELCOME

A warm New Years Day welcome to the Webbswood Stadium, I hope you all had a great New Years evening.

Today we face another tough fixture against our near neighbours Hungerford Town. We welcome the players, staff and supporters of the Crusaders and trust they have a safe journey home after the game.

The reverse fixture against Hungerford was back in September when we won 2-0 with two second half goal and we'll be looking to replicate that today after putting a disappointing run of results behind us with the 2-2 draw against Hanwell Town on Saturday.

FROM THE CLUB CEO MARTIN PALMER

Good afternoon and a Happy New Year to all. Let me extend a warm welcome to the directors, management, players and supporters of Hungerford Town, thank you all for making the short trip down the M4 this afternoon to the Webbswood Stadium and we wish you safe travels.

It's great to have a local derby on a bank holiday and I'm sure today's crowd will be large and on the back of the encouraging crowd number of 427 versus Hanwell last Saturday. For all our loyal supporters, please keep bringing friends, family and colleagues, there is nothing like a personal recommendation and I'm sure everyone that visits us will be back for more.

As we enter 2025, I would like to thank all our staff and volunteers for the tireless work that they put in, most of the time goes unnoticed, but I can assure you that without these people and commitment, running the club would be even more challenging.

With over half the season now complete, it feels like we are entering the business end of the calendar and the last gasp point against Hanwell on Saturday was a welcome upturn in recent fortunes. Please get behind Stuart and the team, it's days like today against your nearest rivals that the crowd can make a difference.

Enjoy your day.

Come on Marine!

THE PITCHING IN SOUTHERN FOOTBALL LEAGUE

NEWS | SATURDAY EVENINGS ARE MADE FOR THIS

Announcing the Pitching In Southern League Saturday Evening E-newspaper

Football fans of a certain age often lament the loss of the Saturday Evening Sports Paper. It was part of the matchday routine, a staple of Saturday tea-times up and down the UK, as football fans would head to their local newsagents to pick up a copy, hot off the press.

Combining all the afternoon's results and reports with latest news and features, it was the perfect read to round up all of the day's action and was as much a part of Saturday nights as Match of the Day or a takeaway!

We can announce that the Southern League will be resurrecting this concept for the 2024/25 season, but with a modern twist. The Pitching In Southern League Saturday Evening E-newspaper will contain match reports from EVERY Southern League game that day, plus all of the vital results and statistics, fascinating features and latest news.

The Pitching In Southern League Saturday Evening E-newspaper will contain match reports from EVERY Southern League game that day, plus all of the vital results and statistics, fascinating features and latest news. It will be available as a **FREE DOWNLOAD** by 6.45pm each and every Saturday evening throughout the season.

"As someone who was brought up on the Sports Argus and Sporting Star, I have always been fascinated by this concept," said Southern League Media Manager, Andy Poole. "I feel that a publication of this kind still has a place in the modern game in an online, downloadable format.

"It's a big project; we aim to have match reports from all games across our four divisions and combine it with all the latest statistics and features which showcase all that is good from the Southern League.

"We are pioneering this kind of offering for our 87 member clubs as we provide in-depth, top-quality coverage on the personalities and clubs that make this League what it is.

"It's what Saturday evenings are made for, so make sure that you check it out each week as we give the Southern League the enhanced coverage that it deserves."

TAYLORS TALK FROM NICK TAYLOR

Happy New Year to you all!

This afternoon we welcome the officials, players and supporters of Hungerford Town to The Webbswood Stadium for what promises to be a feisty encounter between the two neighbours in this New Year's Day local derby, with both teams desperate for the three points to move clearer from the drop-zone.

Danny Robinson's side have found things tougher this season compared to last and currently find themselves sitting just once place above the bottom-four, on twenty points from twenty-two games so far played, their most recent being a 2-1 away defeat to Taunton Town on Saturday.

The unfortunate long-term injury to former Marine player, Connor McDonough has not helped Robinson in his quest to push his side up towards the playoffs. Experienced striker Kyle Tooze has recently been recruited by Robinson to add some muscle to their strike force and the Marine defenders will need to keep close tabs on both him and Elis Watts this afternoon if they are to claim the spoils come the final whistle!

Former Marine stalwarts Joe Shepherd and Brad Hooper will need no motivational talk from their manager today to fire them up for this encounter and Louis McGrory, who also has links to the Webbswood Stadium, will also be looking forward to today's battle!

Stuart Fleetwood's Marine side produced arguably one of their best performances of the season when visiting Bulpit Lane back on August Bank Holiday Monday, a stirring 2-0 away victory thanks to goals from Michael Fernandes and Anton Dworzak.

Saturday's 2-2 home draw to a spirited Hanwell Town side, following the unseasonal 3-1 defeat away at Gloucester City on Boxing Day, was a hard-fought point and maintained Marine's middle table position in the standings, a much needed win this afternoon would not only be welcome but would add momentum as the squad get back up to speed from the break leading up to Christmas.

Finally, we also welcome the players, coaches and families of Wantage Town U9's for their very first Matchday Experience and hope you have a great time with us! My thanks go to their Head Coach, Matt Moore, for making this possible.

- In home league matches in 2024 Marine scored 43 and conceded 28 for a goal difference of plus 15.
- In away league matches in the calendar year the team has scored 28 and conceded 47 for a goal difference of minus 19.
- If Marine keep their current 2024/25 season points per game ratio, they will secure 49 or 50 points.
- If the team's form had reached the same level as the second half of 2023/24 the team's point per game ratio would have seen them secure an impressive 64 points.
- Looking at performances in 2024 the three worst were in my view the 3-0 defeat to Sholing and the 4-1 defeat to Plymouth Parkway both in April 2024, and the 5-2 elimination from the FA Trophy at Winchester City.
- The best three performances for me were the 5-0 victory against Poole Town in September, the 4-3 victory at Chertsey in October, and the 3-0 victory against Winchester City in April. An honourable mention also for the springtime 2-0 victory at Didcot Town winning despite playing with ten men for 80 minutes.
- In the first half of 2024 Marine kept four clean sheets in the second half they improved upon this with five.

In terms of an overview of 2024 the current season's league form is not as strong as that achieved by the team in the second half of 2023/24 season. It is though much stronger than the team's early season form in that season. Whilst away form has proved to be problematic throughout 2024 it is very much a positive that home form is so strong.

And finally – come on Marine!

HISTORY:

The first mention of forming a football club in Hungerford was in the parish magazine of November 1873 when those interested were invited to send their names in, but it wasn't until October 1886 that Hungerford Town Football Club was officially founded.

The club has come a long way since its formation with a vast number of volunteers, supporters and players contributing to its 137-year history.

The original name of the team was Hungerford Swifts and this link with the club's heritage is maintained to this day with a community team now playing under that name in the Hellenic League.

Matches were originally played on "The Downs" which is now Hungerford Common, and then subsequently on the western edge of the town before the club moved to its present ground in Bulpit Lane shortly after World War 1.

Initially, with no organised leagues or cup competitions in existence, the club played only friendly matches but soon became a powerful force in local football and won its first recorded trophy in 1905, beating Newbury Union Jack in the final of the Newbury Challenge (Graystone) Cup.

They first entered the Hungerford League and later the Newbury & District League, winning their first league title in 1912/13, before all competitive football ceased during WW1.

The club was immediately successful when the league restarted in 1919 and picked up where they had left off. An influx of new players produced a successful 1st team and Reserve XI, and the club won the Newbury League in both 1920 and 1921.

That era saw the emergence of Reverend Denning, known locally as "the old man", as a driving force and benefactor of the club and the team included many names still familiar in the town to this day.

Hungerford Town continued playing at intermediate level with mixed fortunes in the Newbury & District and the Swindon & District Leagues before senior status was finally achieved in 1958 when joining the ranks of the Hellenic League.

The history of those formative years and the period up until the 1960s is neatly captured in a small booklet called "75 years of Football" written by Frank Horwood in 1961.

The 1970's

After a period of team rebuilding in the 1960's Hungerford began the new decade in fine form and won the Hellenic League Division One and League Cup double in the 1970/71 season.

The 1970's were a "golden" decade for the club and memorable times. We entered the F.A. Cup for the first time in 1973 and the facilities were improved with the opening of a new clubhouse in 1974 and new changing rooms and floodlights added in 1975.

The club reached three Berks & Bucks Senior Cup Finals in four years and although defeats by Chesham United, Slough Town and Wycombe Wanderers were disappointing it was a sign that the club was making significant progress on and off the field.

The 1977/78 season saw Hungerford finish third in the Hellenic League, win the League Cup and produce a fairy tale run in the F.A. Vase eventually losing out to Barton Rovers in a semi-final replay.

These achievements enabled the club to gain election to the Isthmian League in 1978.

HUNGERFORD TOWN HISTORY:

Hungerford Town soon established themselves as a force in the higher level and just missed out on promotion by finishing third in 1979 and 1980.

They created history in 1979 by reaching the 1st Round Proper of the FA Cup for the first time, losing 3-1 away to Slough Town. That same season they reached their second FA Vase Semi-Final but were again denied a place at Wembley when losing to Guisborough Town 5-3 on aggregate.

The 1980's

Season 1980/81 brought more disappointment with yet another third-place finish in the league but there was some consolation when the club was invited to compete in the prestigious Anglo Italian Semi-Pro tournament.

The 1982 season brought a major trophy when Hungerford defeated Wycombe Wanderers 1-0 at Wokingham Town to win the Berks & Bucks Senior Cup. Promotion was again narrowly missed in 1984/85.

The club then entered a turbulent period for the club when after nine successful years as manager Jim Kelman left the club. The 1988/89 season saw a return to prominence under joint managers Gary Goodwin and David Dodds who guided the club to sixth place in the table and a third FA Vase Semi Final appearance. This time it was Sudbury Town who denied Hungerford its much-deserved trip to Wembley.

The 1990's

The club finished in the top ten of the league table in 1991, 92 and 93 under Gary Goodwin and later ex-Manchester United player Wilf Tranter before a dismal start to the 1992/93 season saw the departure of Tranter at Christmas.

Former Hungerford goalkeeper Jimmy Greenwood briefly returned to the club as manager and achieved Division 2 safety before two ex-players, Gerald (Cabbie) Smith and his assistant Norman Matthews combined to keep the club ticking over in the Isthmian League for the next two seasons.

1996/97 brought the club its highest finish for several seasons but the club entered a transition phase in the late 1990s and although former Swindon Town legend Don Rogers took over as manager, and despite a good run to the 3rd Qualifying Round of the FA Cup, the league form was disappointing, and Rogers resigned just after the start of the 1999/00 season.

The 2000's

Gary Ackling took over as manager and sought to change the emphasis of the club by looking for local youth talent and produced a strong mid table finish in 2002.

Unfortunately for the club, the deadline for ground improvements was not met at the end of the 2001/02 season, and a relegation to the newly restructured Isthmian Division 2 followed.

Despite still holding their own the decision was taken for the long-term benefit of the club to re-join the Hellenic League for the 2003/04 season and the club stabilised once more and began the process of rebuilding on and off the pitch.

Former player Alan Clark was appointed manager in 2006 and the league and cup form gradually improved and a push for promotion was mounted once again.

The election of Nigel Warrick as Chairman in 2008 kick started a refurbishment program for the club's facilities and fresh impetus for the team.

A lofted ball into the box saw keeper Sam Beasant charge to the edge of the area in a forlorn attempt to claim the cross. However, the keeper was left stranded in no man's land as the ball was headed over his head and into his own goal by teammate **HARRY SEABROOK**. Marine very nearly snatched it at the end when Anton Dworzak's effort from the edge of the box was bravely charged down by visiting defenders.

Hanwell Town will feel that this match was a victory that slipped out of their grasp. Several of their players caught the eye.

Jordan Edwards was a constant threat up front; Sam Beasant made some crucial saves; Emmerson Sutton was a live wire on the flank; and in the first half Callum Woodcock very much bossed the midfield engine room.

A word of credit to referee Jake Wolley and his assistants. They allowed the game to flow and got all the big decisions right.

From a Marine perspective the second half performance was much better than the first. The introduction of Liban Ibrahim and Anton Dworzak added some much-needed zest to the midfield.

From a Marine perspective the second half performance was much better than the first. The introduction of Liban Ibrahim and Anton Dworzak added some much-needed zest to the midfield.

Additionally, centre back Liam Angel returning to the team put in an impressive performance alongside Ioan Richards. Indeed, the back four and keeper did well to stem wave upon wave of first half attacks as the visitors took control of the midfield.

The match also had some absorbing individual battles. The Geordies pacey QPR loanee Emmerson Sutton really tested Ryan Campbell's pace but all credit to the Marine man as he won most of the tussles.

From a Marine perspective a source of frustration is that for whatever reason proven goal scorers Harry Williams and Dave Sims-Burgess are too infrequently receiving the ball in areas where we know they can inflict damage upon opposing teams.

If Marine can solve that conundrum, then there is every reason to hope the wins will soon return.

MATCH REPORT FROM PETE CROCKETT

2-2

HANWELL
TOWN

Premier Division South | Saturday 28th December 2024 | Att: 427

OWN GOAL SALVAGES A POINT...

The immediate post-match emotions of the two sets of supporters will have been very different.

Going into the 90th minute 2-1 down a last-minute equaliser will feel like a point gained for Marine supporters. However, those travelling back to London will feel that two points were dropped.

Marine opened the scoring in the 1st minute. Michael Fernandes fired in a curling effort from 25 yards that hit the foot of the far post. **IOAN RICHARDS** then latched onto the loose ball to rifle a shot into the back of the net.

After some neat interplay Hanwell won a corner and equalised in the 11th minute when **JORDAN EDWARDS** bundled the ball home from close range.

Six minutes later home keeper Fiachra Pagel made two crucial saves. The first a reflex stop from a Roberto Nditi effort and the second a diving save at the feet of Alfie Pendlebury as the visiting forward looked to latch onto the loose ball from the keeper's first stop.

The visitors were now dominating possession and had further chances – Emmerson Sutton dragged a shot wide, and Rod Orlando-Young mishit his effort when well placed.

On 24 minutes the Marine keeper tipped over another **JORDAN EDWARDS** effort. However, the visiting striker was not to be deterred and on 30 minutes he curled a sumptuous twenty-five-yard free kick around the wall and inside the far post.

A good free kick but, from a home team perspective, was the wall positioned correctly?

After a storming start it would be fair to say Marine's first half performance was well below par.

The passing was too often inaccurate; the speed of interplay was ponderous with little up field progression; the midfield pressing was yards off where it needed to be.

The movement off the ball was sluggish with too many home players failing to make short burst runs to create a passing option for the player on the ball; and the ball spent too much time being passed back to the keeper or centre backs.

Things were little better when Marine went long. A diagonal long ball to turn a defence or to switch play can be effective. However, a straight ball for a straight run will invariably have one outcome – it will come straight back at you.

The second half saw Marine pick up the momentum and Sam Beasant made a couple of impressive saves. The second in the 75th minute from Gabe Reivers being exceptional with the keeper diving to his right to parry a close-range effort wide of the post.

A minute later the visiting keeper was called into action again when Michael Fernandes whipped an audacious free kick from the corner of the area into the near post. In the 90th minute Hanwell gave Marine a reprieve following a communication breakdown.

Despite a sticky start in the league the team went on a 22-match unbeaten run and won the Hellenic League title and promotion to the Southern League.

The 2010's

The 2010/11 season began with a new man in charge, Bobby Wilkinson, and so began the club's most successful decade in its 125-year history.

Undeterred by a playoff defeat in 2012 the team finished as runners-up to Poole Town in the league in 2013 and this time there was to be no heartache in the playoffs as Hungerford beat Paulton Rovers and Merthyr Town to win promotion to the Southern League Premier Division, their highest ever level.

Wilkinson steadily improved his squad, and the team settled into Premier League life well. A run of ten wins on the bounce between March and April 2014 took the club to within a point of the playoffs and a magical run to the last 16 of the FA Trophy evoked memories of the wonderful FA Vase runs of the 70s and 80s.

The 2014/15 season saw another strong challenge in the league and the side hit form in the second half of the season to eventually finish 4th and this time a playoff place.

Despite losing to the eventual promotion winners Truro City Bobby Wilkinson and his team were not finished there and vowed to come back stronger than ever.

The 2015/16 season began indifferently with an early F.A. Cup exit and some inconsistent performances in the league but a run to the 2nd Round of the F.A. Trophy, losing to National League side Chester, augured well for the season.

A powerful second half of the season produced a fourth-place finish and yet another crack at the playoffs.

Things looked bleak in the semi-final when the team were two goals down at Hitchin Town on the hour but came back to win 3-2 and on a never-to-be forgotten rainy Bank Holiday Monday at Bulpit Lane another great comeback saw Hungerford beat Leamington 2-1 to achieve promotion to the then Vanarama National League South.

Hungerford's first season in the National League proved that the team could survive at this level despite "punching well above their weight" as a club. At one stage the side was in the playoff positions but eventually finished in 6th position.

The team also reached the final of the Berks & Bucks Senior Cup for the first time in 35 years, losing to National League South champions Maidenhead United.

The 2017/18 season began with thoughts that the side could improve on their position in the League but in August long serving manager Bobby Wilkinson resigned along with his entire backroom staff.

Senior players Jon Boardman and Ian Herring stepped up to the plate as joint managers and steadied the ship before the departure of Chairman Nigel Warrick and necessary cuts in the club's playing budget forced a re-structure and Herring being handed sole charge of the team.

Two seasons of fighting relegation on and off the field ensued but despite the financial struggles Herring and his players kept the club in the National League with successive final day results against East Thurrock United in 2018 and 2019 avoiding relegation.

HUNGERFORD TOWN

HISTORY:

In March 2019, following the announcement that several key club personnel would be stepping down, Patrick Chambers stepped forward to become the new Chairman and provide a welcome boost to the club.

Things on the pitch however looked bleak with the team struggling at the bottom of the league. But, just as results picked up, and with an albeit slim but mathematical chance of staying up yet again, the Covid-19 worldwide pandemic struck and all football in the UK was suspended.

The 2020's

In the close season of 2020, with the pandemic causing worldwide chaos, Ian Herring departed as manager and the club moved swiftly to appoint former Thatcham Town Manager Danny Robinson.

Robinson had won the Hellenic League title and F.A. Vase double in 2018/19, and Thatcham Town were leading Division One South of the Southern League when the season was curtailed.

Despite the usual predictions of relegation from those outside the club, and there being no supporters allowed into games, the Crusaders quickly began to surprise many and were in a healthy 7th position in the table when the season was again ended by the pandemic.

With ground improvements completed in recent years, including new changing rooms and the completion of a 400-seater stand in 2021. The team quickly took up where they had left off and were once again challenging for a playoff place before fading towards the end of the season and finishing in midtable.

Alas, Hungerford Town, with the smallest resources in the league, could not repeat the trick for a 7th successive season in the

first time in living memory, back to Southern League. Unperturbed, Danny Robinson assembled a new squad of players who more than held their own in the Southern League Premier South and in the end only narrowly missed out on the playoffs by five points, having dropped far too many points from winning positions.

Hopes are high however, that this 'small but mighty' club can once again defy the odds and continue its remarkable journey. The story continues!

THE SUPPORTER'S CLUB MATCH PREDICTOR

“ Please support another Swindon Supermarine supporters club initiative to raise much needed funds during the 2024/25 season...

As part of our fund-raising initiatives at **Swindon Supermarine FC** we are once again running our '**Weekly Match Predictor Quiz**' throughout the 2024/25 season. To participate in the Match Predictor Quiz, you can purchase a ticket from a club official or nominated agent, or better still, if you can sell some Match Predictor tickets to your friends and family then also, please get in contact as every penny raised goes towards achieving a competitive side in the Southern League and every penny helps!

The Match Predictor Quiz is easy to understand. On each ticket you must predict what the actual score will be in the three matches involving **Swindon Supermarine, Manchester United** and **Swindon Town** and their opponents on the weekend indicated by the organiser.

You then keep a duplicate copy of your Match Prediction's, so you can check to see if you have predicted the three correct scores. If you have, you can contact the organiser, but the organiser will inform you within 24 hours after the last match has been played. If one of the three teams do not play on a weekend, then the Match Predictor will be decided over the remaining two matches. If two teams are not playing, then the Match Predictor will not take place that weekend and the money in the Predictor Pot will be carried over to the following weekend.

Finally, the football club would like to thank all our customers that have contributed over the seasons to help raise over £20,000 and hopefully you will return and support the club once again this season with this important fundraising initiative, thank you for your support.

Each weekend £50 of the total money collected on the predictor quiz, known as the Match Predictor Pot, will be paid to the person or persons who predict the three correct scores. If more than one person predicts the correct scores, then the predictor pot will be shared equally. If no one selects the correct scores, then the Predictor Pot will be carried over to the following week and will accumulate until someone does predict the correct scores.

MATCH PREDICTOR UPDATE THE PREDICTOR PRIZE POT IS £400

*The match predictor wasn't won last weekend, so today the pot will be £400 with the following three matches to predict below.

£1-A-POINT & SEAT DONATION

Each season we have three supporter's initiatives, the **£1-a-Point Membership**, **Seat Donation** and **Match Predictor Quiz** and we will be looking for your support on these initiatives once again in this **2024/25 season**.

The Supporter's Club Initiatives are opportunities where you can help the club financially with their Southern League Day to Day running costs, which vary, from pitch maintenance to the bandages that adorn the player's ankles!

The **£1-a-point** membership, which is as simple as it sounds as you commit to a financial sponsorship of every point, we achieve this season. For a small outlay, each week it is money that perhaps does not get missed as much as a larger sponsorship would. This is an ideal way for the supporters to feel a bigger part of the club and bring value to your support.

Another initiative is our **Seat Donation** in the main stand. The cost for this is **£25** and your selected seat will be endorsed with your name, and it is yours to sit in at all our home games that you attend at the Webbswood Stadium.

Your support for both these initiatives will be endorsed in the matchday programme and on the club website. Once again, our friends and supporters will have the chance to participate in any one of these **Swindon Supermarine Supporters Club Fundraising Initiatives**.

If you can help with any one of these initiatives please contact **Keith**, either telephone **07795 546425**, direct message via our **X** or **FB** pages or email supermarinefc@aol.com.
