THE GAFFER

Good evening and a very warm welcome to everyone who has travelled from **Bristol Manor Farm** for this Monday night game under the lights.

Well, it's been a brilliant week for us to get through to the 2nd Qualifying Round of the FA Cup with the excellent 3-1 win against a big and direct side in Winslow United and a home tie to look forward to in Weymouth.

We are all now looking forward now to playing back in a league match after two difficult games against Winslow. Yes, we've had a fantastic league start but we're not getting carried away. We are playing some very, very, good Football, but as you saw last weekend we showed the other side of the game where sometimes we must dig it deep.

When you're top of the league every club wants to beat you, so deep down I don't really want to be here, but I'm not gonna complaining!

I want to take this opportunity to thank all the fans, especially the youngsters behind the goal, that have given us a real boost since the start of the season.

I would also like to thank all the boardroom staff and the volunteers that support the club, and of course my players for an unbelievable start of the season but one thing about my experience I know it can change very quickly.

We must keep our standards high, and everyone must keep up all the hard work and the players to continue to play well and fight for each other, so let's make some noise tonight and see if we can get another three points on the board.

It's fair to say the summer 2026 non-League transfer window will be remembered for years to come. Groundbreaking in fact. Record deals being negotiated left, right and centre with Abdul Abdulmalik's £1.5m transfer from Boreham Wood to Swedish top-flight outfit Djurgardens IF topping the lot and finally surpassing the £1m paid by Leicester City for Jamie Vardy in 2012. But the success stories don't stop there.

In this week's NLP, we plotted the rise of three more former non-leaguers who completed huge moves into the Premier League in this summer transfer window. Iliman Ndiaye, now a Senegal international, sealed his £65m move from Everton to Manchester City on the same evening Sorba Thomas landed his Premier League dream when Hull City bought him from Stoke City. Ndiaye, 26, and Thomas, 27, are the two biggest success stories to emerge from Wood's PASE Academy set-up.

Under the guidance of Wood boss Luke Garrard and Academy head coach Cameron Mawer, the pair starred in the club's Elite youth team, collecting national titles and back-to-back-to-back league triumphs. And it wasn't long before they were breaking into Garrard's first team. Ndiaye was quickly picked up by Sheffield United where – after a loan spell with Hyde United – he started to make the name that has seen him go onto Marseille, Everton and now Champions League-chasing City. Thomas was more of a regular, playing 77 times and becoming a huge part of a promotion push before Huddersfield Town swooped.

"We've got a really exciting crop at Bedford Town and I always tell the players, 'Yes, it is about what you do on the pitch consistently, but things aren't always going to go smoothly for you'," Mawer, who now heads up Bedford's academy alongside his role St Neots Town boss told us. "It's the ones who can take that rejection and get through it. If you're not in a pro club at 16, 17, there's a lot of outside distractions that can take you off the path. "It's the ones who stay focused, keep going and keep building every day. Sorbs and Iliman had it. "I have probably coached thousands and thousands of kids. What separates those two is that mentality to keep going. "Nothing could take them off the pathway – girls, alcohol, nights out, friends, making money. They had no interest in that; they just had interest in being the best player on the pitch and getting to where they want to get to." And more was yet to come.

Also on transfer deadline day, 25-year-old winger Femi Azeez completed a move to Brighton & Hove Albion after lighting it up in the Championship for Millwall. It completes a remarkable rise from the Southern League East Division to the Premier League in eight years. Having been in Watford's academy, Azeez left and joined Northwood's youth system where he was handed a first-team debut aged 16 by Gordon Boateng. It was in Wealdstone's youth side where then Stones' boss **Bobby Wilkinson**, first caught a glimpse of the talented youngster. And it wasn't long before he was starting against Uxbridge in the Middlesex Senior Cup before making his league debut at home to Eastbourne Borough in December 2018.

"I watched him in the youth team, I think on a Sunday afternoon, at Wealdstone on the pitches out the back," **Bobby Wilkinson**, the current **Swindon Supermarine** boss told us. "I spotted him in ten seconds! I brought him in with me and put him in the men's side. I just had an unbelievable feeling about this boy. "There was just something about him. In this day and age, scouts don't look long term. "I didn't think straightaway he was going to develop right then. But what I did do was bring him straight into men's football, put him on the bench and let him play in front of good crowds. "I made sure if we were winning – or we couldn't win the game – we'd give him 20 minutes. "We guided him all through that year and did it with a purpose for where he is now.

"There's lots of people who have been part of his journey. But they won't take away that year he spent with us. "At the same time, we ran the inspirational tale of Manasse Kianga, who rose from Step 5 Rossington Main all the way to the Champions League with Slovan Bratislava! The 24-year-old made 115 appearances for Main across five years at Oxford Street, scoring 51 goals, but now he finds himself lining up in front of crowds more than 20,000 after helping the Slovak champions reach the league phase of the Champions League. Ndiaye, Thomas, Azeez and Kianga are all examples of the opportunities that can become available for non-League players across the pyramid with the right application and dedication. It also serves to prove once again that the English Pyramid is the envy of the world.

Supermarine U18's South West Counties League

SSFC U18s 1 **Mangotsfield United 0**

Imagine Cruising Stadium

Saturday 5th September 2026

A good start to our Southwest Counties U18s league campaign with a hard earned three points and a positive battling performance by our young players.

The first half saw chances created at both ends, with Marine enjoying the better spells in possession and looking to take control of the game, however, Mangotsfield remained a threat on the break, but Marine continued to create the better opportunities.

The breakthrough came in the 65th minute through **Kaden Bromyard**, whose hard work and pressure on the opposition's back line created the opening. Kaden showed great composure when the chance arrived, producing a cool, calm finish to put Marine ahead 1-0.

Josh Griffiths between the sticks looked strong and commanding throughout, making some important saves when called upon and showing real quality with his distribution from the back.

Marine continued to look the dominant side in possession and created plenty of opportunities, but too many chances went begging throughout the game. That's certainly an area the coaches will look to improve on as we move forward.

It had been a demanding few days for the squad, with this being their third game within four days, so it was hardly surprising to see a few tired legs at the final whistle, however a 1-0 win for Supermarine was welcome and well deserved.

A lot has been learnt about this group over the past few weeks, with plenty of positives to take away but also lots to work on as we continue to develop. But most importantly, our first South West Counties league game ends with three points on the board.

Marine star player: Josh Griffiths

TAYLOR'S TALK

This evening, we welcome the players, supporters and officials of **Bristol Manor Farm** to The Imagine Cruising Stadium for what promises to be another exciting league fixtures under the lights this early in the season.

The Farm, under the management of Will Justin, have made the journey east via the M5 and M4, arriving in Swindon finding themselves sat currently eighteenth in the early league standing, drawing three and losing one match.

Having drawn 0-0 away in the opener at Sporting Inkberrow, followed by a 0-0 home draw at The Creek to new boys, Portland United, they tasted a 4-1 thumping at Bishops Cleeve before drawing at home to Melksham Town earlier this month.

In the corresponding fixtures last season, Marine won out comfortable 3-1 winners here on in October, thanks to a Sid Gbla hat-trick and in front of an impressive crowd of 430 spectators! This was then followed by a hard-fought 2-2 draw back by the River Avon in March, memorable for Conor McDonagh's brilliantly headed equaliser second half.

After a frustrating last season ravaged by injury, former Marine striker, Joe Beardwell, now leads the line for tonight's visitors and will, no doubt, be looking to put one over on his former club!

Last Monday night's excellent FA Cup win against Winslow United has now set us up with the mouth-watering prospect of a home tie with Weymouth who are every one's favourite for promotion from the Division One South.

But Bobby's players need to focus sharply on the game ahead tonight and continue to maintain both the momentum and remaining unbeaten in the league as the glamorous cup fixture closes in.

Finally, we also welcome back the players, coaches and parents of Wroughton Youth U13's Wookies for another Matchday Experience, this time on a Monday night and hope they have another great evening both on and off the pitch. My thanks to Scott Bailey for once again liaising with me

CLUB HISTORY

OUR LEGACY

Bristol Manor Farm Football Club has a storied history filled with resilience, ambition, and community spirit. This page chronicles the club's journey, starting with its foundation and early years, through decades of consolidation, memorable cup runs, and league achievements, to its modern era under the guidance of Lee Lashenko. This is our legacy...

EARLY YEARS (1960-1977)

Bristol Manor Farm Football Club was formed for the 1960/61 season before disbanding and reforming for the start of the 1962/63 campaign. Our ground 'The Creek' used to be the site of the Port of Bristol Authority Sports & Social Club.

In 1965, when the authority moved to new premises, Manor Farm took it over, making it our permanent home. The club joined the Somerset Senior League and over time made good progress through the divisions. In 1977, the club made the step-up to the Western League.

The Creek, originally the home of the Port of Bristol Authority Sports & Social Club until 1965, then became the home of Bristol Manor Farm.

CONSOLIDATION & AMBITION (1977-1998)

In the 1982/83 season, Bristol Manor Farm achieved promotion to the Premier Division as Division One champions. Legendary former Chairman Alex Thomas led the club from 1984 to 1992, with one of his key achievements being the installation of the first floodlights at The Creek, marking a significant milestone in the club's history.

The club would remain at this level for the next three decades.

Ambitious seeds were sown for the club's future in 1998 when Geoffrey Sellek, a founding player during those early 60s 'homeless' years, took over the helm of the club as Chairman.

In a life of total dedication to the football club and its social club activities, Geoff began the long, arduous task of steering the club towards promotion to the Southern League and beyond.

MEMORABLE CUP TRIUMPHS (2010-2013)

Bristol Manor Farm's decent FA Cup pedigree is rooted in an exciting run during the 2010/11 competition, which saw us win a penalty shootout against Almondsbury Town and hold Basingstoke Town to a draw before being pipped by a single goal in the replay.

The 2011/12 season was the most successful in the history of the club to that date. We won the GFA Challenge Trophy after beating Shortwood United 5-0 in a thrilling final, and this was followed three days later with another cup triumph when we beat Willand Rovers in extra time to lift the Les Phillips Cup.

THE MODERN ERA BEGINS (2013/14)

The modern era of Bristol Manor Farm truly began at the start of the 2013/14 season with the appointment of our longest-serving and most successful Manager, Lee Lashenko.

Fresh from winning the Premier League title with Bishop Sutton, Lashenko quickly made an impact with Manor Farm. The team made a good push for the league title but finished as runners-up to Larkhall Athletic – breaking club records for league position, goals scored, and fewest goals conceded along the way.

PROUDLY SUPPORTING SWINDON SUPERMARINE F.C.

A very warm welcome to the players, officials, and supporters of **Bristol Manor Farm** who have made the journey to the Imagine Cruising Stadium this evening. We hope you enjoy your visit and wish you a safe journey home afterwards.

Football has no shortage of familiar phrases, and digging deep is certainly one of them. It may sound like a cliché, but it captures something important: ability matters, but so do heart, character, and the willingness to stand firm when a match becomes awkward.

Matches rarely unfold exactly as planned. Some afternoons the passing is crisp, chances arrive freely, and everything feels straightforward. Those days are enjoyable, but they do not always reveal what a team is truly made of. The real test comes when things turn difficult. You might be away from home, the opposition may have momentum, the pitch may be awkward, or your usual rhythm may not be there. Strong teams stay in the fight.

They stay organised, fight for second balls, throw themselves into tackles and blocks, work for one another, stay disciplined, and refuse to let a difficult spell break them. Sometimes, before you can win a league match or cup tie, you have to earn the right to win it. Our recent FA Cup tie at Winslow was a strong example of that.

Winslow deserve credit. On their own ground they made life extremely difficult for Marine and ensured nothing came easily. It was not a day when Marine could simply impose themselves and play the football they wanted. Crucially, though, the players refused to buckle. They dug deep, accepted the scrap, and stayed in the contest. That may sound modest, but it is a powerful quality. When you are not at your best, you find a way not to lose. Marine did exactly that in the Winslow cup tie, and that attitude gave the side another opportunity.

The replay was secured through grit, determination, and resilience. The team then seized that second chance back at their home ground, where the reward for all that arduous work became clear. Successful seasons are not built only on the afternoons when everything goes well. They are forged in the difficult 20 minutes away from home, in the tackle that must be made, the header that must be won, and the willingness to keep running when tired legs are screaming.

There will be other tough spells ahead. That is football. No team has everything its own way all season. But if Marine keeps digging deep, standing together, and finding the strength to strike when the moment comes, this will remain a team us supporters can be enormously proud of.

Come on Marine!

Pete Crockett

Fresh from winning the Premier League title with Bishop Sutton, Lashenko quickly made an impact with Manor Farm. The team made a good push for the league title but finished as runners-up to Larkhall Athletic – breaking club records for league position, goals scored, and fewest goals conceded along the way.

Our FA Cup run that season saw us put 9 goals past Oldland Abbotonians and 7 past Lymington Town, bringing us national media attention. The 1st Round Qualifying tie against Corsham Town ended in a 4-4 draw with Manor Farm winning the hard-fought replay 1-0. We then also held Bridgwater Town to a 4-4 draw in the next round before narrowly going out 2-1 in the replay.

NEAR MISSES & CUP GLORY (2014–2016)

In 2014/15, Bristol Manor Farm just missed out on promotion by three points. However, we won the GFA County Challenge Trophy with a 2-0 win over local neighbours Shirehampton. The 2015/2016 season saw an epic run in the FA Vase that took us to within sniffing distance of Wembley.

A notable 3-2 comeback win in the 5th Round at Sunderland RCA meant another long return trip to the north-east for a Quarter Final showdown with Morpeth Town. On a heavy pitch, we heroically went down fighting 2-0, with Morpeth going on to beat Hereford FC 4-1 in the showpiece Wembley final.

They team finished third in the League – narrowly missing out on promotion once again but won the GFA County Challenge Trophy for the second season in succession with a record 9-2 win over Lydney Town.

On a happy night at Ashton Gate, our former Exeter City and Truro City striker Dean Stamp also won the Bristol Post ‘Footballer of the Year’ award for his astonishing tally of 59 goals in all competitions. The Farm also made it to the final of the inaugural Toolstation Cup at Staveley Miners Welfare in late July, where they defeated Knaresborough Town 1-0 thanks to an early George Bimson goal.

PROMOTION TO THE SOUTHERN LEAGUE (2016/17)

The many highlights of the triumphant 2016/17 season will be forever woven into the fabric of the club’s history as Bristol Manor Farm finally secured that elusive promotion to the Southern League in emphatic style. Lee’s team amassed 102 points and scored over 100 goals on the way to being crowned as Western League Champions.

An extraordinary unbeaten league run of 21 games between September and March with 19 wins and 2 draws, all but secured the title, which was eventually clinched with three games to spare following a 2-0 win at local club Hallen on Good Friday.

Lee and his squad were warmly acknowledged later in the year on another great night for the club at Ashton Gate – popularly walking off with ‘Coach of the Year’ and ‘Team of the Year’ respectively at the Bristol Post Sports Awards.

SOUTHERN LEAGUE CHALLENGES AND FA CUP RUNS (2017–2020)

Manor Farm hit the ground running during our dramatic, debut Southern League campaign in 2017/18 – briefly leading the pack in September and never out of the top six until the final agonising fortnight of the season.

The 2018/19 campaign was beset by second-season syndrome – a plague of injuries, a rash of suspensions, and inconsistent league form. Manor Farm’s national profile was given a further boost, however, by another extended run in the FA Cup.

We finally fell to National League side Slough Town in a Third Qualifying Round replay after a valiant 2-2 draw in the original tie at their Harbour Park ground and a 5-2 thumping of Basingstoke Town at home in the previous round – both games played amid torrential rainfall.

CLUB HISTORY

STRENGTH THROUGH ADVERSITY (2020–22)

During the Covid-19 interrupted League seasons of 2019/20 and 2020/21, we enjoyed two further FA Cup runs. A smash-and-grab 4-2 victory at Tiverton Town set us up with a tasty home tie with National League side Wealdstone. Manor Farm defended heroically in a goalless draw at The Creek but bowed out bravely in the replay.

The following year saw dramatic penalty shootouts – away at Kidlington, which we won and at home to the National League's Cray Wanderers, which we lost after a thrilling 3-3 comeback at The Creek. We also won the inaugural Steve Hillier Memorial Cup.

The 2021/22 season, the first to be completed post-Covid, was the most epic in the club's history for all kinds of reasons. A rocky first half to the season was swept away on a tide of pure emotion after Christmas with a breathtaking push for promotion in which Manor Farm was defeated just once.

On the final day of the season, at a delirious, jam-packed Creek, Owen Howe scored an 84th-minute equaliser against Winchester City to finally secure us that coveted playoff spot.

The team, fans, and wider community were undoubtedly spurred on throughout the second half of last season by the tragic news the club had received in January that Geoff Sellek had become terminally ill.

Alas, Geoff was not well enough to witness Manor Farm's greatest ever night, a well-deserved 3-1 semi-final victory over Frome Town at their Badgers Hill home. After going one-nil down, Kye Simpson responded with an immediate equalizer, and the tide turned.

Owen Howe sealed a famous and historic victory with a superb second-half brace to the obvious delight of the traveling Farm Army. The season was to end on the saddest of

notes, however, with Winchester City winning 4-1 in a traumatic final overshadowed by Geoffrey Sellek's tragic passing just three days earlier.

RESILIENCE AND REBUILDING (2022/23)

Manor Farm suffered from second-season syndrome, which saw them fighting for their lives at the bottom of the table. The Farmers secured their Southern League status in a dramatic Inter-Step playoff final against Saltash United on the final day of the 2022/23 season.

PLAYOFF HEARTACHE & ASPIRATIONS (2023 – 2024)

After the challenges of the previous season, 2023/24 was meant to be one of stability. However, in true Manor style, another roller-coaster ensued in an almost mirror image of 2021/22. A late season surge of nine wins in 11 matches saw the squad reach the playoffs once again.

A bumper Farm Army travelled to local rivals Cribbs for the semi-final, with Farm enjoying a tense but deserved 2-1 victory and a place in the final away at Frome Town. Again, the supporters turned out in their droves, and despite taking an early lead, it proved a game too far as the Robins replied with three of their own, dashing hopes of an unexpected promotion to the Premier Division.

THE END OF AN ERA (2024 – 2025)

The 2024 season was one that started full of hope as the club looked to go one step further and secure promotion. Louis Britton's signing had a massive impact as he scored 36 goals before departing for Weston-Super-Mare in April but post-Christmas any hopes of a playoff push faded.

However, a GFA Cup run saw the Farm grab a piece of silverware as the Farm ran out 3-0 winner of Bishops Cleeve in front of hundreds of the Farm Army at Almondsbury. In April 2025, long serving manager Lee Lashenko, announced that he would be departing the Farm following 12 years of service to the football club.

BATH CITY ANNOUNCE TAKEOVER OF THE CLUB WITH MULTI-MILLION POUND

Bath City announced on Thursday that the club has been taken over by the newly formed Bath City Holding Company.

In a statement on their website, Bath City have said:

"The sale follows a year-long process during which the club's advisors Carteret introduced the Bath City Holding Company, the 50 strong investor group led by Andrew Stalbow, to the club.

"The investor group has raised a seed round of over £6m with the aim of supporting the men's and women's teams to climb the football pyramid, building Football League ready infrastructure and enhancing the club's connections with the fans and the local community."

New Executive Chair Andrew Stalbow has said on the takeover:

"This deal happened because of the incredible backing we've received from the fans, the shareholders, the Supporters Society, the Supporters Club and the board. We hugely appreciate you putting your faith in us. We will strive to be the custodians you believe we can be.

"We thank the outgoing board, and we want to give a special shout out to the club's many volunteers who we are excited to work together with. "And an additional thank you to our investor group for their commitment. The partnership that we will build between the supporters, the city, the community in Twerton, the players, the coaching staff, the operating team and the investors will set us apart. This is a unique opportunity.

"Our role is to unlock Bath City's potential and transform the club. Our work starts today." Bath City currently sit 11th in the Southern League Premier Division South following their relegation from the National League South last season. They face A4 rivals Chippenham Town this weekend on what will be a historic day for the club.

SUPPORTERS CLUB FUNDRAISERS £1-A-POINT & SEAT DONATION

Each season we have three supporter's initiatives, the **£1-a-Point Membership**, **Seat Donation** and **Match Predictor Quiz** and we will be looking for your support on these initiatives once again in this **2026/27 season**.

The Supporter's Club Initiatives are opportunities where you can help the club financially with their Southern League day to day running costs, which vary, from pitch maintenance to the bandages that adorn the player's ankles!

The **£1-a-point** membership, which is as simple as it sounds as you commit to a financial sponsorship of every point, we achieve this season. For a small outlay, each week it is money that perhaps does not get missed as much as a larger sponsorship would. This is an ideal way for the supporters to feel a bigger part of the club and bring value to your support.

Another initiative is our **Seat Donation** in the main stand. The cost for this is **£30** and your selected seat will be endorsed with your name, and it is yours to sit in at all our home games that you attend at the Webbwood Stadium.

Your support for both these initiatives will be endorsed in this matchday programme and on the club website. Once again, our friends and supporters will have the chance to participate in any one of these **Swindon Supermarine Supporters Club Fundraising Initiatives**.

If you can help with any one of these initiatives please contact **Keith**, either telephone **07795 546425**, direct message via our **X** or **FB** pages or email supermarinefc@aol.com today.
