## Ever thought of volunteering to help your local football club?

There are many different volunteer roles in non-league football and Southern League football clubs need your help with them.

The Trident Leagues and Pitching In have recently launched a new online Volunteer Hub where you can find opportunities and contact your local football club.

## A man with short brown hair and a grey beard is smiling. He is wearing a black polo shirt with a white collar and a club crest on the left chest. He is holding a clear plastic water bottle with both hands. He is also wearing a gold watch on his left wrist and a ring on his left hand. The background is blurred green foliage.

Both games look to be two very different games but both very difficult games for different reasons as we look to keep our 100% record from our first five games going! Firstly, Saturday's cup tie in the FA Trophy, which is a big competition for non-League clubs, as we welcome Slimbridge AFC to the Imagine Cruising Stadium, a team we played just 10-days ago in a league match at Slimbridge.

On the night we had a great result against them as we romped to a 7-2 win after leading 7-0 on sixty odd minutes but conceded two good goals from the home side. The games should never have ended with a five-goal difference, especially after Slimbridge started the game very brightly in the first fifteen minutes and could have taken the lead on at least two occasions.

After that we were so clinical in front of goal and the game on the Saturday will be a very different one, I know it will be a lot tighter as they will have a lot of confidence from how they played in the last half an hour in that 7-2 loss.

Monday's game will see Paulton Rovers travel to SN3 and they will be something of an unknown to us, they do have a few good players in their squad and with two games in two days, we must make sure we are on the ball and prepared properly after Saturday's game for another very tough encounter on Monday.

We must keep standards high, continue to enjoy our football and keep moving the ball the best we can and developing to be better, so it's a challenge, but one we are all looking forward to and we would love to get into the next round of the FA Trophy and then also cement our top spot in the league, come on you Marine!

**By Jon Couch**

When The NLP's very own columnist Tony Incenzo visited Fulwood Amateurs for their North West Counties First Division North game against Thornton Cleveleys on Easter Monday, he completed a truly epic groundhopping quest. Fifty-four years after attending his very first non-League match, broadcaster Tony, 63, had become the first journalist to visit all 2,000 grounds in the English National League System, earning him huge acclaim.

But it Tony's own words in his NLP column last week, the life of a non-League groundhopper is "akin to painting the legendary Forth Bridge". Once you achieve your targets it is time to start all over again. Such is the ever-changing landscape of the great English pyramid; Tony was suddenly presented with another 22 new non-League grounds to visit ahead of the start of 2026/27 season. A groundhopper's work is never done, it seems.

One of Tony's first missions this season is the visit new, or modified grounds, of clubs he has already visited among his 2,600 or so ventures, three to be exact. Take NPL Premier side Workington for example. Whilst a state-of-the-art £16 million stadium is being built for the West Cumbrian outfit to replace their famous old Borough Park, they are playing at nearby Fibrus Community Stadium (Derwent Park) for the next two seasons or so. It is the home of Workington Town Rugby League club and has held a record crowd of 17,741 in years gone by.

Then there's, North West Counties League First Division North side Woolton. They have reverted to their Simpson Sports Ground headquarters after bringing it up to Step 6 standard. They spent 2025/26 – their first season as a NLS club – ground sharing at nearby South Liverpool. I notice Simpson has a 3G synthetic pitch, so I'll probably leave it until wintry weather kicks in before venturing there.

And finally, the third is a new non-League ground currently under construction, just outside Aveley's Parkside Stadium. A one-time Sunday League pitch with some covered spectator accommodation, the ground is due to be fully enclosed to provide a Step 6 graded home for both Brimsdown and Lymore Gardens, of Eastern Counties League First Division South. Of the 40+ teams promoted to the NLS this season from the various Regional Feeder Leagues, Tony needs to visit 19 to complete the set once again. But it's going to require plenty of miles on the clock with 300+ mile treks to South West Peninsula League Premier West Division sides Hayle AFC and St Mawgan on the 'to-do' list. Still, there are worse places to visit I suppose. Naturally, Tony's already on the case and up and running for 2026/27.

Two of the freshly promoted Step 6 clubs have been visited – the most recent of which, an FA Vase First Round Qualifying round match at Hemsworth Miners Welfare with Dearne & District the visitors. The Northern Counties East League Division One team have developed a new ground next door to their previous pitch which didn't meet NLS football requirements. And then earlier in the month, he watched Anstey Town beat Birmingham OJM 5-0 in the Midland League Division One. Anstey play at a nice set-up within De Montfort University at Beaumont Park in Leicester.

With the games coming thick and fast, Tony is out and about most nights of the week – except, that is, when it coincides with a QPR home game. Tony hasn't missed his beloved Rs at Loftus Road for 53 years! His ground tally now sits at 2,715 with every match logged in his now famous handwritten scrapbook. He's also a jolly nice bloke, so if you see Tony at a game near you then say hello. I'm sure he'll have a tale or two to tell.

## TAYLOR'S TALK

Welcome to the second Taylor's Talk of the new season and our second double-deader programme as we welcome on Saturday afternoon the players, officials & supporters of Slimbridge AFC for the First Qualifying Round of the FA Trophy, after The Swans defeated Paulton Rovers 2-0 away in the previous round.

The two sides are already familiar to each other, Marine cruising to an impressive 7-2 win only ten days ago up at Thornhill Park in

The league, which would suggest a comfortable win for Bobby Wilkinson's side today but I'm sure we will see a very different game this afternoon in which Slimbridge will be far more 'on it' and therefore complacency mustn't be displayed by the Marine players.

Slimbridge arrive off the back of a 2-2 FA Cup draw last Saturday at home to MK Irish (Southern League Div. One Central) with the **replay played on Tuesday night**.

Former Forest Green Rovers youngster, Olly Sully, has so far found the net three times in all competitions, including the brace against Marine, and will need to be kept an eye on by the Marine defence. We also welcome the players, coaches & families of Kingsdown U11's Blues, for their first ever Matchday Experience. My thanks to Jake Reeves for liaising with me.

On Bank Holiday Monday afternoon, we welcome the players, officials and supporters of Paulton Rovers to SN3. Newly promoted from The Western League Premier this season and despite the defection of the then Manager, Kieran Baggs, to his former club of Melksham Town back in March.

The Rovers, now under the leadership of John arrive from Somerset desperate to get their season kick-started, having only played three times so far in all competitions, suffering defeats in The FA Cup and FA Trophy and a 2-0 league defeat away to Dorchester Town earlier in the month.

Amongst their squad and one to watch is former Bristol City U21 striker, Brandon Bak, who includes Weston-super Mare, Taunton Town and Bristol Manor Farm as former clubs and has played against Marine last season for Bristol Manor Farm.

The two clubs are linked through Paulton being the birthplace of former Swindon Supermarine Manager (1996/98) and Swindon Town legend, Don Rogers, who's still going strong at the youthful age of 80.

We also welcome the players, coaches and families of both Supermarine U7's Blues & Supermarine U7's Whites for their Matchday Experience, with my thanks to both Mitchell Singh and James Tinsley for helping to arrange this.

*Nick Taylor*

### EARLY HISTORY

The Club's history can be traced back to the 1899/1900 season, when the team were playing in local football at various venues in and around the village. A gap in the records suggests there may have been a couple of seasons when no games were played, and thus, officially, the Club's centenary was celebrated in 2002-03.

For the next forty-odd years the Club were predominantly members of the Stroud and District League with varying degrees of success and failure, except for a period between 1960 and 1968 when they were in the Gloucester Northern Senior League.

By the end of the second World War in 1945, the club were playing in a field just off Moorend Lane, which was sold for housing redevelopment, and which eventually became Tynning Crescent in the village. Therefore, in 1950, they moved just over the other side of Moorend Lane to a pitch in a field on Fishers Farm, with their changing rooms being placed a couple of fields away at the Village Hall.

This upheaval off the pitch did not seem to disturb the footballing side, with the first team winning Stroud League Division Three in 1951-52 (Along with the Gloucestershire Minor County Cup), Division Two in 1952-53, and Division One in the 1953-54 season in an early purple period for the club.

The Fishers Farm site was also sold for housing development a few years later, so between 1950 and 1958, they were forced to move three times. From Fishers Farm, they moved to a pitch alongside the River Cam behind the George Pub in Cambridge, and the nearby White Lion pub became a de-

facto Clubhouse for Club meetings. It was at the White Lion that the deeds to our current ground were formerly handed over to the club in 1960.

The current ground at Wisloe Road (now renamed as Thornhill Park) became the club's third home in the 1950's when they moved there in 1958. It subsequently became the legal property of the club after former player, and ex-Chairman of the club, Evi Thornhill, bequeathed the land to the Club in his Will, with the Club becoming legal owners in 1960 having played the previous two seasons at what would become their permanent home. It was to prove an incredibly valuable treasure in future years. Evi had purchased the two fields upon which the club and the industrial estate next door are now situated for £600.

The modern history of the club really starts nearly thirty years after they acquired the Wisloe Road pitch. In 1988 a handful of committee members led by Gordon King and Gordon Tudor, and the following season joined by Paul Chappell, started to move the club forward. Construction of new changing facilities, to County League standard, were completed. Paul Chappell was to remain a vital part of the club until his retirement from his duties in 2020 and remains a regular visitor to the club.

As playing standards improved, 2000 saw the completion of the building of a long-awaited Social Club in an area of the ground that in its old life had housed a cowshed. John Mack, a successful local entrepreneur, joined the club as Chairman, and he also remains a committed supporter of the club to this day as Club President. In the summer of 2001, Doug Gray was appointed Manager, and the club began a period of upward momentum.

**PROUDLY SUPPORTING SWINDON SUPERMARINE F.C.**

A warm welcome to the players, officials, and supporters of **Slimbridge** and **Paulton Rovers** who have made the journey to the Imagine Cruising Stadium this weekend.

Marine's five-match winning run has got me thinking about leadership on the pitch. We often associate leadership with the captain's armband: the player who leads the team out, tosses the coin and becomes the obvious figure to whom others look. Every successful side needs a good captain, but the best teams have more than one leader. In fact, they have eleven.

Leadership is not always the loudest voice in the dressing room or a stirring speech before kick-off. More often it appears in smaller moments: the goalkeeper organising his defence, the experienced defender guiding a younger player, the midfielder demanding the ball under pressure, or the winger tracking back when his team-mate needs help. Sometimes it is simply saying, in effect: give me the ball; I will take responsibility.

The most important leadership appears when things are going wrong. Almost anyone can look confident when their team is two goals ahead. Character is tested when a team concedes, when a decision goes against them, when someone makes a mistake, or when tired legs make another ten yards feel a very long way. It is important to emphasise that eleven leaders do not mean eleven players arguing about what should happen. Quite the opposite. Good leadership is knowing when to speak, when to listen and when simply to get on with the job.

The best teams develop collective responsibility. Standards no longer belong only to the manager and coaches because the players begin to protect them. If someone switches off, a team-mate reminds him. If someone is struggling, another helps. If the side needs lifting, someone provides the spark - and it need not always be the same person.

That is one of football's great strengths. On any afternoon leadership can come from the captain, the oldest player, the youngest player, or the substitute who has just entered the fray. The armband shows the captain; it does not identify the only leader. Successful football teams are built when responsibility is shared; when eleven individuals understand that their own performance matters, but so does the performance of the player alongside them.

Talent will always matter. Tactics will always matter. But when matches become difficult - as inevitably they do - there is real reassurance in looking around the pitch and seeing not one leader, but ten others. That is a quality I am seeing in this Marine team and I admire it.

**Come on Marine!**

*Pete Crockett*

## RECENT HISTORY

At the start of the 2016/17 season, and prior to our pre-season friendly fixture with neighbours Forest Green Rovers, the football ground in Wisloe Road was formally renamed to Thornhill Park in recognition of the marvellous gift we had received from Evil Thornhill 46 years earlier.

Evi's son, Tony and his wife Margaret (Sadly neither of them still with us) were on hand to cut the ceremonial Ribbon, and Tony made a short and very heartfelt speech about how much the renaming meant to him and the entire Thornhill family, and how honoured they were that the football club had recognised their father in this way.

A difficult two seasons of struggle at a higher level saw the eventual departure of Leon Sterling as Manager, with Freddy Ward stepping up to the plate, assisted by Lee Driver-Dickerson. With Freddy then stepping aside to concentrate on his last few years of playing having steadied the Swans' ship, 'Drive' took over the reins as Manager of the first team.

The Club's previous ground attendance record was smashed on 4th February 2017, when 898 fans saw the side suffer a 3-0 defeat to Hereford FC, who were working their way back up the league pyramid following their reformation after the collapse of Hereford.

Prior to the Covid suspension of football in March 2020, the Under 18s and the Reserves were top of their respective leagues, while the first team were sitting in 12th place in the Southern League Division One South, the highest placing in the history of the football club. Although the FA has made the season's results null and void, they have been officially added to club statistics, and all appearances and goals will stand in our records as a permanent tribute to all who represented the club in a fantastic season in the strangest of all campaigns.

The 2021/22 Season saw the departure of Driver-Dickerson, who decided to accept an opportunity to move to Evesham United, and the assistants' team of former Swans' legend Tom Speers and Adam Coyle took over the reins, assisted by Tom Deakin and Tom Hitchings.

The 2022/23 season was a very difficult one for the side resulting in the departure of Speers in February 2023 with the side having achieved only four victories at that point. Adam Coyle and Tom Deakin moved into the Management role, but the season resulted in relegation and a return to the Hellenic League for the 2023/24 Season.

In their third season in the Hellenic League, Tom Deakin assumed the role of sole Team Manager following Adam Coyle's decision to step back from the position during the 2024/25 Season, with Sam Prior brought in to work as his Assistant. In their third season in the Hellenic League, Tom Deakin assumed the role of Sole Team Manager following Adam Coyle's decision to step back from the position during the 2024/25 Season, with Sam Prior brought in to work as his Assistant.

After an inconsistent season that petered out, the introduction of Mike Palmer (as Joint Manager) and Ben Powell prior to the start of the 2025/26 season completed the fab four Management Team, and it paid off spectacularly.

The Swans clinched the Hellenic League Title with two games remaining, for only the second time in the club's history, securing promotion to the Southern League South after four years away. A late winner at Tuffley Rovers and an excruciating eleven minutes of stoppage time in other games made them wait, however, the celebrations were unrivalled once all the games had finished.

With a fresh Southern League challenge in front of them, these are exciting times for the little village team from Gloucestershire.

# A WARM WELCOME TO OUR VISITORS ON MONDAY... **PAULTON ROVERS**

## CLUB HISTORY

Paulton Rovers was formed in 1890 by the village's vicar and a local businessman. The club joined the Western League in 1900 with their best position being runners up in the 2003/4 season, when they secured promotion to the Southern League.

The club has won the Somerset Senior Cup on twelve occasions, and the Somerset Senior League seven times. The club last won the Somerset Senior Cup in 1974, when they were re-admitted to the Western League after an absence of fourteen years.

Paulton Rovers best attendance of 2,070 (deemed maximum capacity) was on 7th November 2009 reaching the FA Cup 1st Round for the first time. The match against Norwich City, was broadcast live on ITV1 and to over 30 other countries.

The largest crowd prior to that, estimated at over 2,000 saw Rovers take on Crewe Alexandra in the FA Cup 5th Qualifying Round in 1906.

After playing at several venues in the village, Rovers moved to Winterfield Road in 1954. In 1967, an old RAF hut served as the club house with a licenced bar. Soon plans were drawn up to build bigger premises including a skittle alley.

The pitch was turned 90 degrees, so the club house is built on one of the former penalty areas. The social club is now the premier venue for many social occasions within the rapidly expanding local community. In 1972 a new changing room block was built behind the main stand.

In 1972 a new changing room block was built behind the main stand, and the club was further extended. On promotion to the Southern League the premises and stadium were improved with the addition of another stand, covered terracing and training facilities that included an all-weather floodlit court.

It was under the management team of Darren Perrin and Mike Kilgour that Rovers secured promotion to the Southern League in 2004. Rovers finished just outside the play-offs in the following season and Darren left for Premier Division, Chippenham Town.

In July 2005 Andy Jones stepped up from Reserve Manager. In 2006/7 the club finished runners up in Division One South & West and narrowly missed out on the playoffs the following year.

His successful 5-year tenure was highlighted by reaching the 1st round of the FA Cup. In 2010, Andy Jones moved on and former club captain, Mark Harrington took charge. Harrington stood down after just one season to be replaced by former player, Nick Bunyard.

Paul Milsom assisted all three managers during this time and the season ended with Rovers winning the Somerset Premier Cup for the first time with a 3-1 win over Bridgwater Town.

In 2013/14, after losing out in the play-offs the previous year, Rovers finished in fourth place and defeated Tiverton Town 3-1 in the semi-final when they were down to nine men.

"Bunny's" men then defied the odds to win the play-off final at Merthyr Town in front of a crowd of 2,201 and thus gain promotion to Step 3 for the first time in their history.

In the 2014/15 season Rovers finished a more creditable 10th place in the Premier Division. During the close season, Bunyard resigned for personal reasons and the club appointed Richard Fey from Bridgwater Town as manager. After a disappointing start Fey resigned, and former Bath City boss Tony Ricketts took charge at the end of October.

Unfortunately, the club finished bottom and relegated back to Division 1 South and West. Despite providing a period of stability Ricketts left at the end of 2016/17 and former Rover's keeper John Rendell was appointed manager bringing former players Gary Powell and Paul Tovey as his assistants. John Rendell and his assistants, including Physio and kit-man left in November 2022 to join Yate Town who were relegated at the end of last season and join Rovers in Division 1 South.

Craig Loxton and John Durban were appointed Managers within a week of Rendell's departure and kept Rovers in the Division and worked very hard in building a new squad. They resigned in October 2023 following a disappointing run of results and were replaced by Kyle Tooze in a Player / Managers role.

After a short, disappointing period in charge, the club and Kyle departed ways, with previous manager Richard Fey coming in to try and keep Paulton's survival hopes alive. Despite their best efforts, unfortunately Paulton Rovers finished the season 2nd from bottom and were relegated into the Western Premier Division.

With a new look management team in Ray Johnston & Elliot Gibbons, the club made improvements on the pitch in the 24/25 season and had a couple of good cup runs but unfortunately fell short of the playoff places in the league.

The club decided it was time for another change and Kieran Baggs, and his coaching team took charge going into the 2025/26 season. Kieran helped the team get themselves into a promotion battle, however after going to back to his old club Melksham Town, he left the team in the hands of player/managers Martin Lenihan and Jack Dancey who managed to secure promotion back into the Southern League through the playoffs.

With the team back in the Southern League, the club have brought back manager John Rendall who was at the helm for five years previously when we were in this Division and we hope we can improve again on last year's successful league campaign.

# SUPPORTERS CLUB FUNDRAISERS £1-A-POINT & SEAT DONATION

Each season we have three supporter's initiatives, the **£1-a-Point Membership**, **Seat Donation** and **Match Predictor Quiz** and we will be looking for your support on these initiatives once again in this **2026/27 season**.

The Supporter's Club Initiatives are opportunities where you can help the club financially with their Southern League day to day running costs, which vary, from pitch maintenance to the bandages that adorn the player's ankles!

The **£1-a-point** membership, which is as simple as it sounds as you commit to a financial sponsorship of every point, we achieve this season. For a small outlay, each week it is money that perhaps does not get missed as much as a larger sponsorship would. This is an ideal way for the supporters to feel a bigger part of the club and bring value to your support.

Another initiative is our **Seat Donation** in the main stand. The cost for this is **£30** and your selected seat will be endorsed with your name, and it is yours to sit in at all our home games that you attend at the Webbwood Stadium.

Your support for both these initiatives will be endorsed in this matchday programme and on the club website. Once again, our friends and supporters will have the chance to participate in any one of these **Swindon Supermarine Supporters Club Fundraising Initiatives**.

If you can help with any one of these initiatives please contact **Keith**, either telephone **07795 546425**, direct message via our **X** or **FB** pages or email [supermarinefc@aol.com](mailto:supermarinefc@aol.com) today.
